To conserve forever the lands and waters of the Finger Lakes region, ensuring scenic vistas, local foods, clean water, and wild places for everyone.

The Finger Lakes Land Trust (FLLT) is a nonprofit conservation organization working across 12 counties in Central New York. Since 1989, we have worked cooperatively with landowners and partners to protect some of the most treasured natural areas and open spaces in these vital watersheds. FLLT manages dozens of conservation areas that are free and open to the public for quiet recreation year-round. We also hold easements on protected lands that remain in private ownership. FLLT is supported by members, and you can help us do more!

### NATURAL HISTORY

Owned by the Finger Lakes Trail Conference subject to a conservation easement held by the Finger Lakes Land Trust, the Bock-Harvey Forest Preserve features some of our region's oldest, most majestic sugar maples – including the preserve's tallest ones thought to be 300 years old. The main trail leads through a grove and a large meadow rife with goldenrod and other wildflowers, and continues into the forest.

### HISTORY

Throughout centuries of ownership, the Bock and Harvey families faithfully protected their land. In 2012, the Bock family approached the Land Trust about donating their land and ensuring its protection. Recognizing the importance of the property to hikers, the Land Trust engaged the Trail Conference and the Cayuga Trails Club in a partnership.
